Welcome to Midori Aluminium

“Midori were competitive in price, I had great service from the sales team and a flawless finish from their in house fitters. What was a really nice surprise was the after-sale service.”

Made up of experts that have over 20 years' experience and knowledge in the industry. We supply our products at every level, from trade customers to residential homeowners and have built a good reputation for our customer service and quality products.

Operating from a modern and highly equipped manufacturing facility located in Leicestershire our versatile product range and innovations have placed us at the forefront of design solutions for a wide range of challenging glazing projects.

Tardis Bungalow Case Study

The owners chose AluK windows and doors for the whole project with 58BW windows throughout, a 58BD entrance door and BSF70 bifold doors at the rear, all fabricated by Midori Aluminium.

The homeowners liked the quality, durability, and weather performance of the AluK products and the slim sightlines which matched the contemporary styling.

ID30 Internal Door & Screening System

The ideal product for creating bespoke glazed interior partitions, dividers or walls of glass, which separate spaces whilst maintaining optimum levels of natural light and an open-plan living aesthetic.

ID30 can be utilised to create fixed glazed screens, with a range of inset door options for easy access between spaces.

ID30 offers the ideal solution for creating separation between kitchen, living and dining areas where a heritage or contemporary aesthetic is required and the system excels in partition offices, studios or entrances in commercial applications.

Reynaers CP130 Premium Aluminium Sliding Door

The concept patio is a highly insulated lift and slide door system, offering the highest requirements for door specifications.

The CP 130 LS offers various opening options in monorail, duo rail and 3-rail. As well as these opening options there is also a special corner alternative which creates an open space for your home without a fixed corner element, the perfect choice for rooms with a view.

There are many more benefits to this door system such as the security, durability, insulation and taking weight up to 300kg. Speak with one of our advisors to find out more!

Alunet ESS47

Ultra Slimline Aluminium Sliding Door

The door designed for large openings is finally here at Midori... offering the best of both worlds with:

- a slim interlock of just 25mm to provide the best view possible
- Doc L compliant
- minimum sightlines and maximum performance such as noise reduction, high security and weather-proofing.

This new door system allows for glass units up to 2.5m x 2.7m per sash and available in any RAL colour upon request.
